

HELPFUL WEBSITES

What can you do as a resident to get involved in building healthy communities?

CITY OF OTTAWA (www.ottawa.ca)

“Health starts in our communities. We can plan, build and use our communities so that people have more opportunities to lead healthy lives.

- Share with your friends, neighbors and colleagues how the built environment impacts health
- Share [My Community My Health](#) videos
- Attend [community association](#) meetings
- Participate in City [public consultations](#) and [the City's Official Plan Review](#)”
